World-Class Expertise:

MedShield boasts a team of **over 130+ Subject Matter Experts (SMEs)**, including **80% medical professionals** (specialists and super-specialists), who are **dedicated to delivering superior healthcare services** in every domain

ISO 45001

INDUSTRY LEADER

First Indian company to earn ISO 45001 certification in maritime health and safety.

GLOBAL STANDARDS

Meets international health and safety standards, ensuring secure maritime operations.

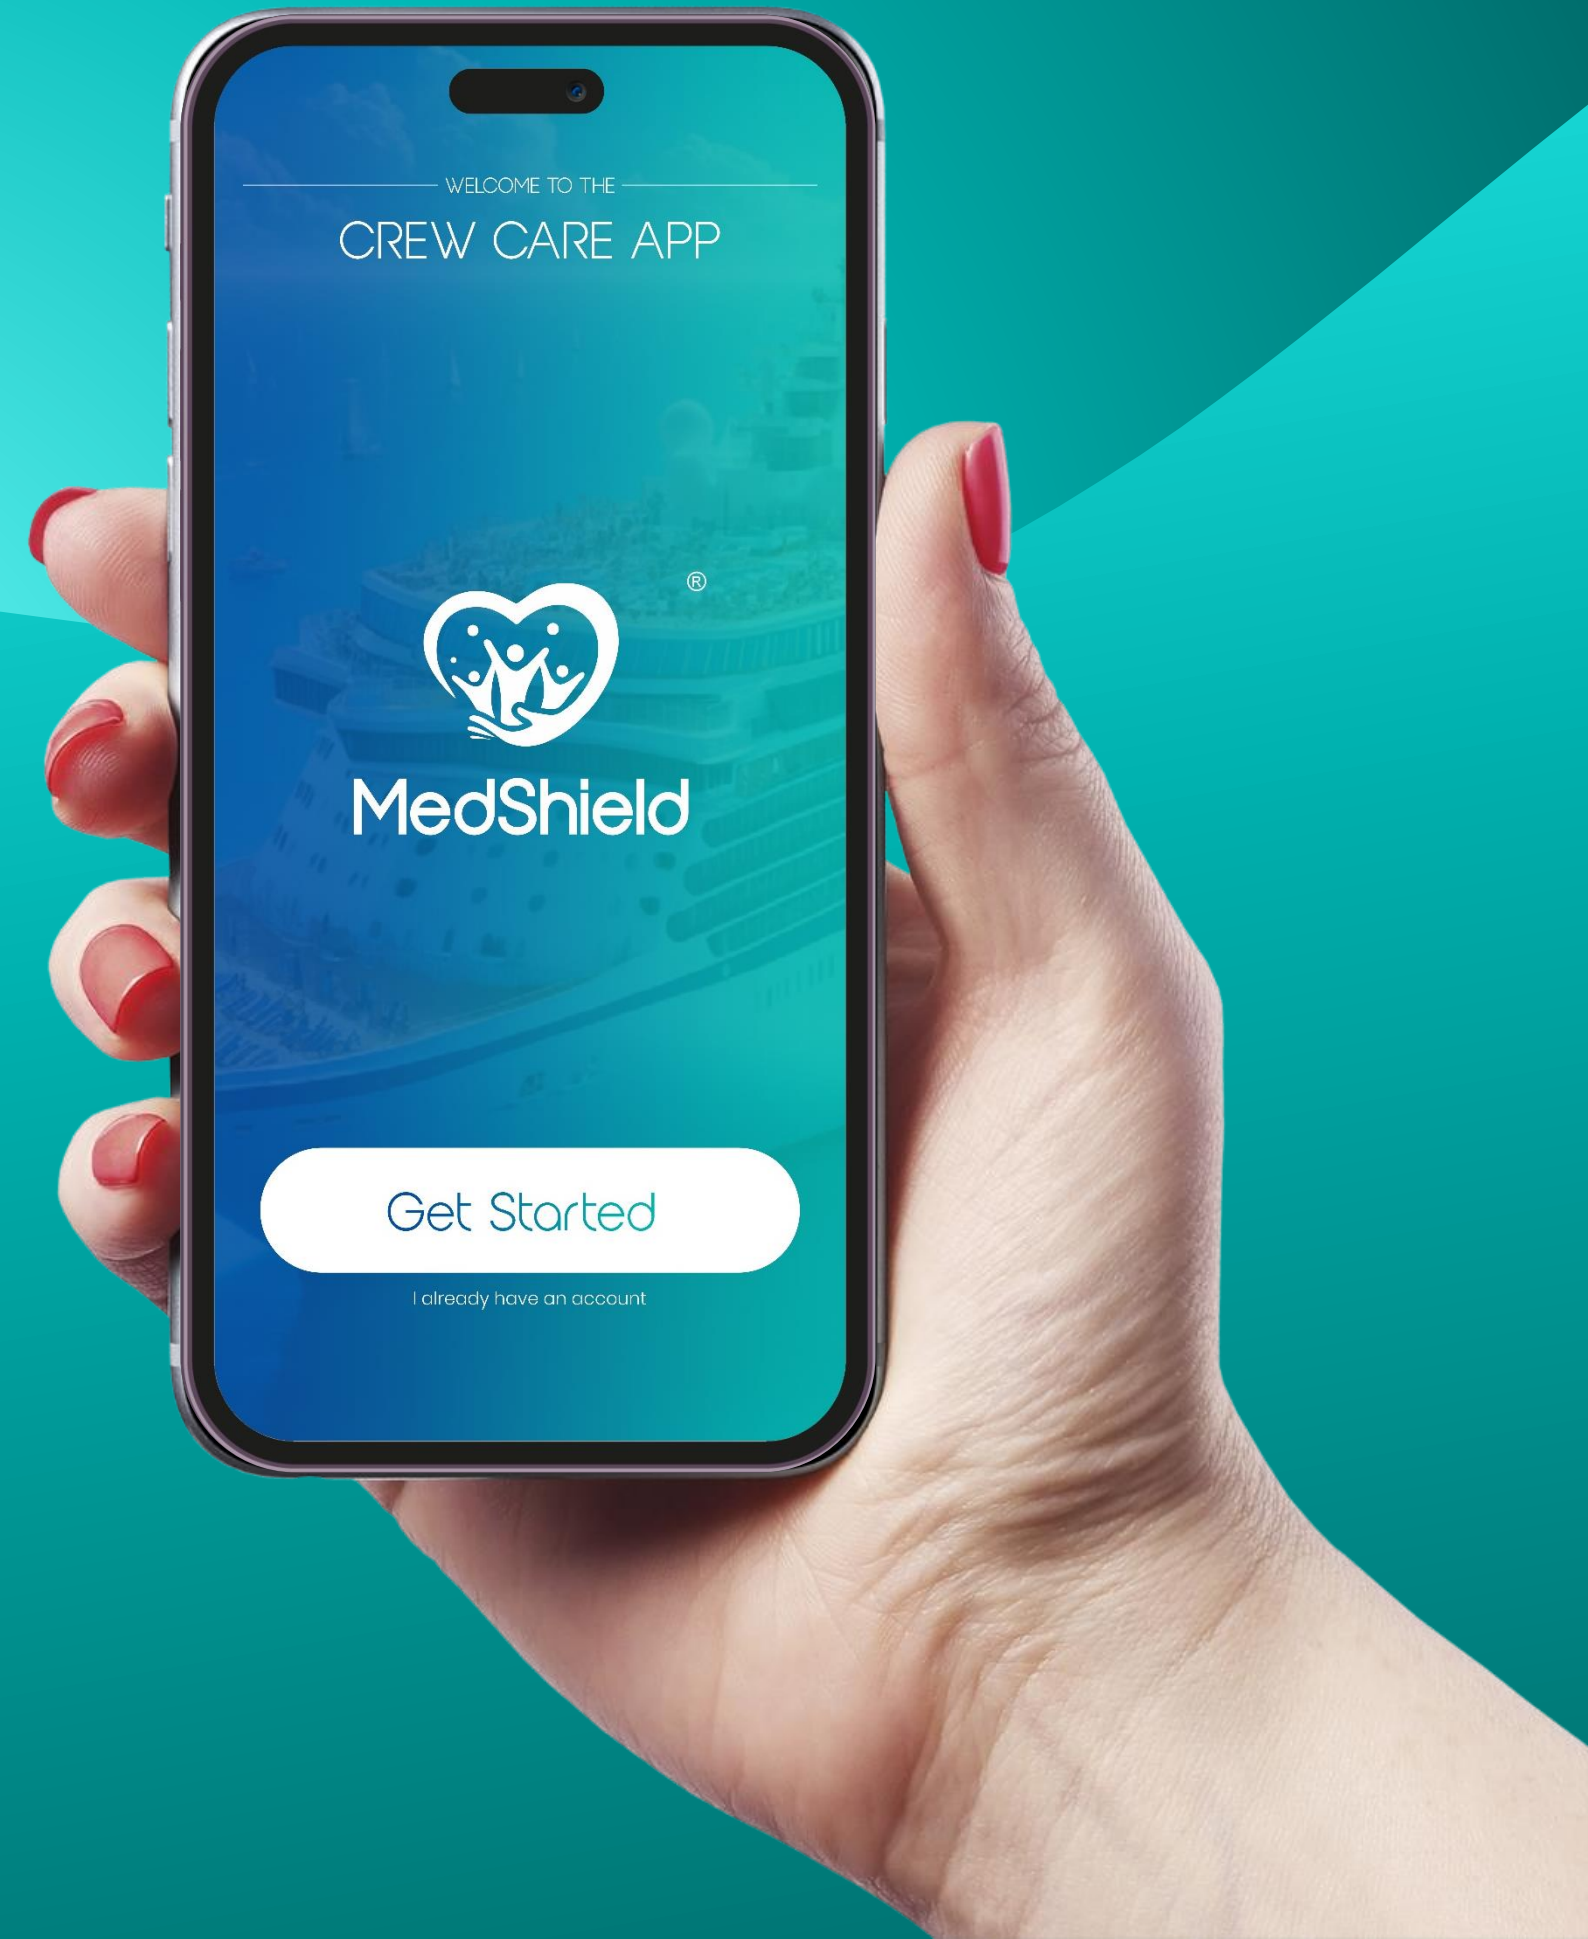

SAFETY FIRST

Prioritizes health and safety in maritime operations

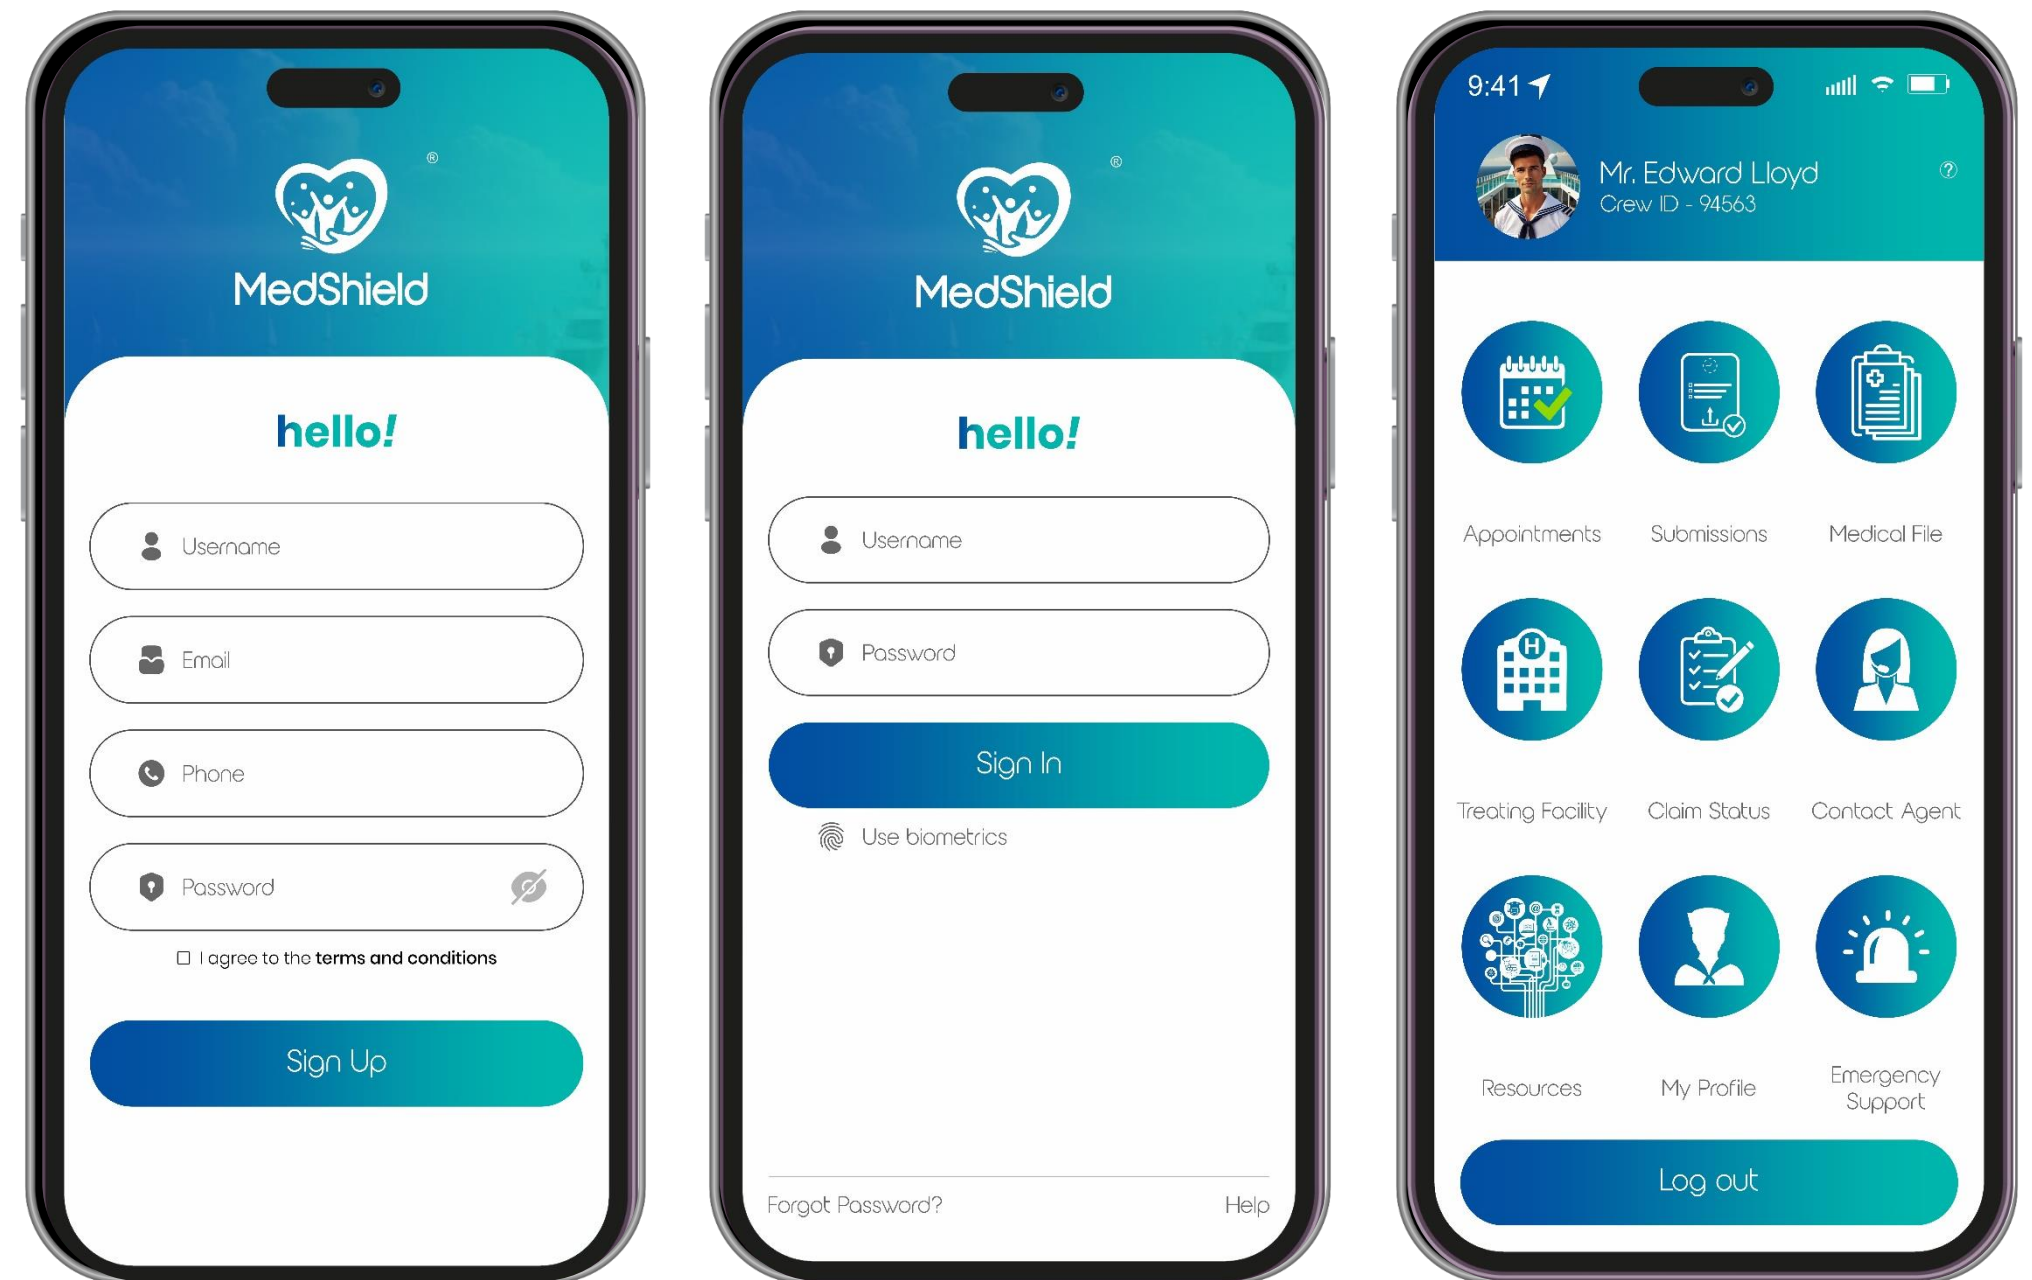

ONGOING IMPROVEMENT

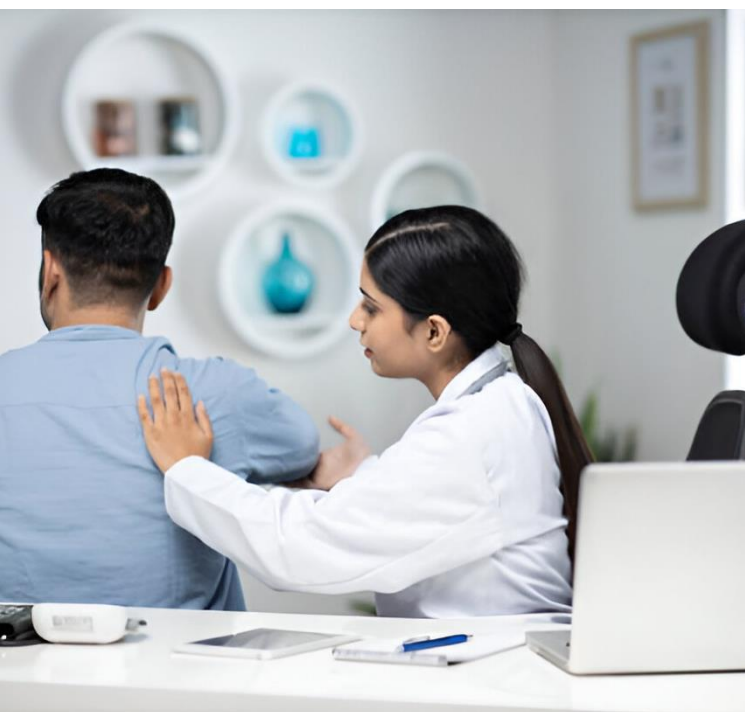

Continuously enhances safety practices to meet evolving industry needs.

State of the Art Technology

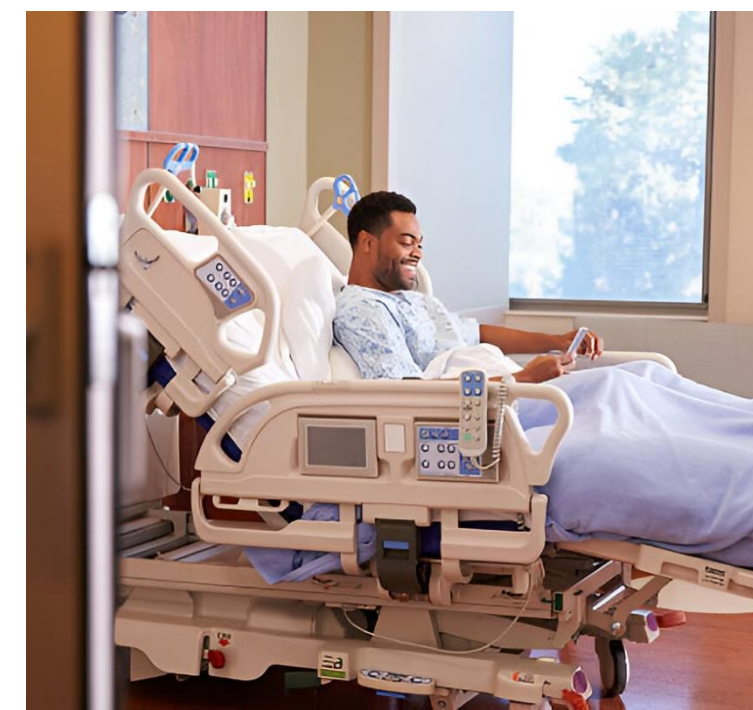

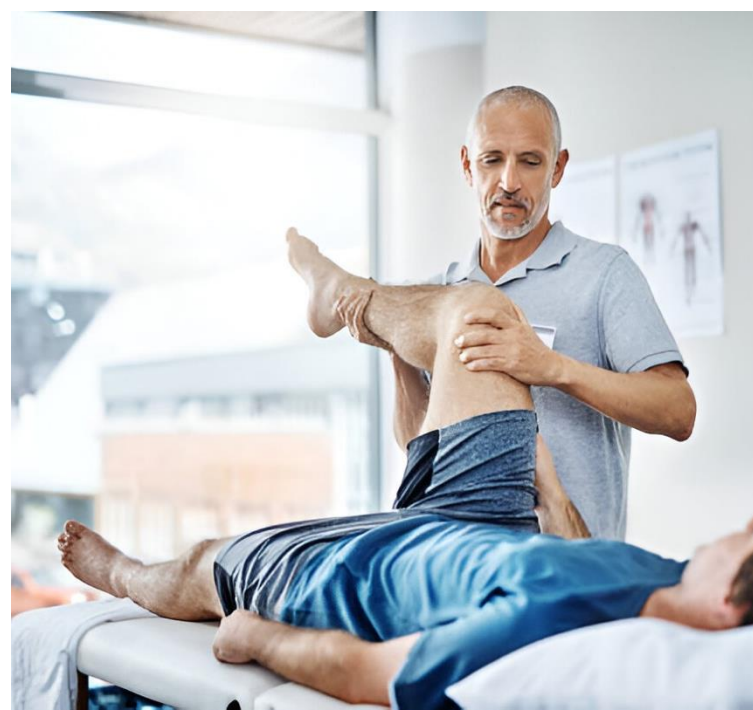

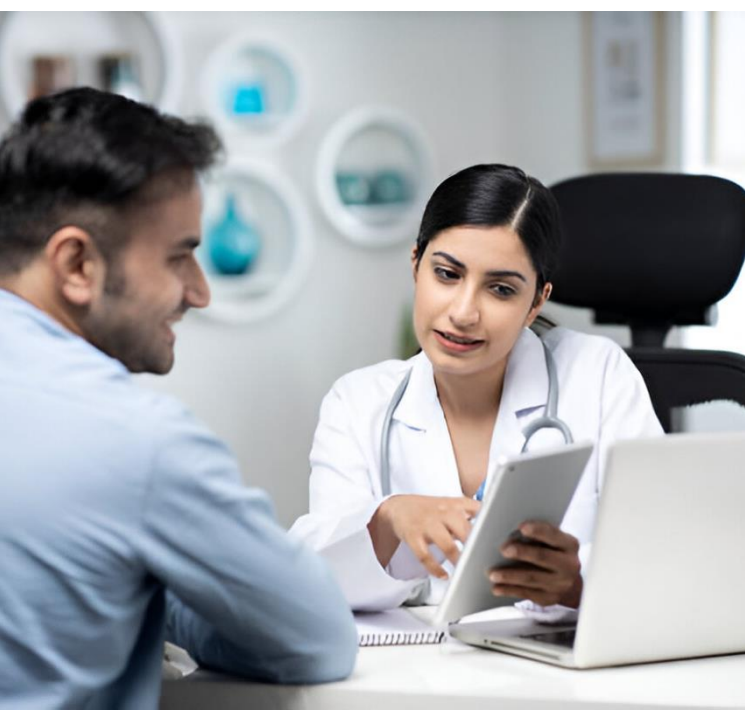

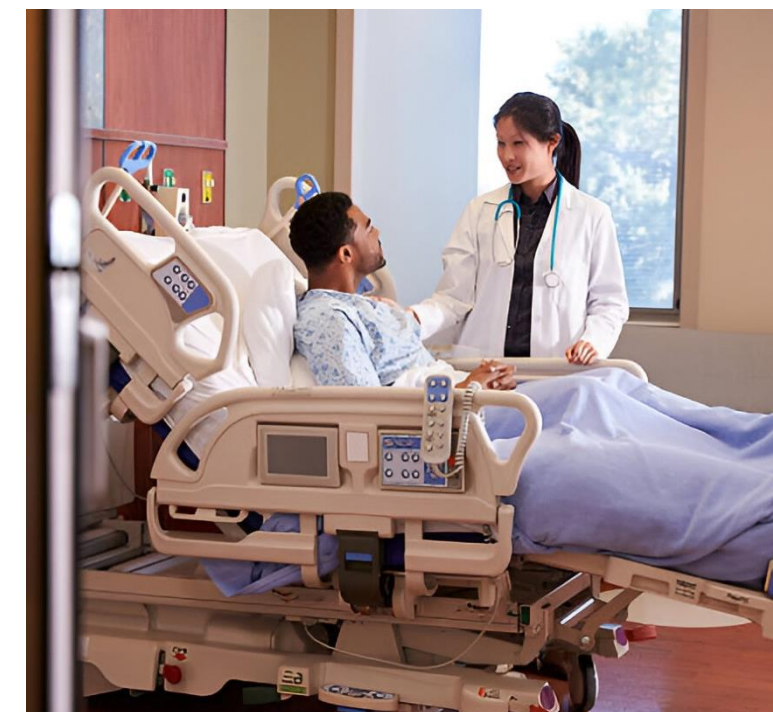

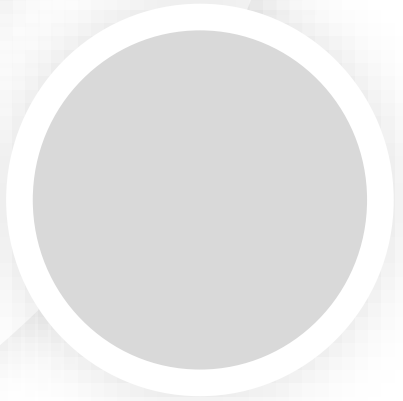

We use advanced mobile and administrative dashboards to streamline operations, improving both efficiency and client satisfaction.

OUR SERVICES

Claims Management

We manage the full lifecycle of health, disability, and life claims, ensuring efficient resolution and minimizing disputes while securing the best outcomes for all parties involved.

Operational Efficacy

This division ensures effective management of medical budgeting, treatment coordination, and post-treatment monitoring, ensuring all aspects of care are well managed.

Tele Medicine

Offering real-time consultations and continuous care through advanced technology, this division eliminates the geographical barriers between healthcare providers and maritime workers.

OCCUPATIONAL HEALTH & SAFETY

Occupational Health & Safety (OHS)

Focused on preventing workplace injuries and ensuring compliance with international safety standards, this division conducts Maritime Safety Audits, PEME audits, and vessel-specific audits to safeguard the well-being of maritime personnel.

Medico-Legal Services

Combining medical and legal expertise, we offer advice on injury claims, maritime regulations, and dispute resolution, protecting our clients from legal risks and ensuring the highest standards of care.

The Team

MedShield's success is driven by a diverse and highly skilled team of professionals across a variety of disciplines. Our team members collaborate seamlessly to ensure the best healthcare solutions for maritime companies
